

The Experience is New at The Naples Beach Hotel & Golf Club

The Naples Beach Hotel & Golf Club is well-known as Naples' only beachfront resort with onsite championship golf, award-winning tennis and a world-class spa. Now we offer you the most up-to-date accommodations, beachfront amenities and the opportunity to vacation at one of Florida's only Green-certified hotels!

NEW ROOMS AND SUITES: We have completely renovated our 319 rooms and suites with fresh tropical décor, plush soft goods, comfortable furnishings and new flat-screen TVs. Our totally new and enlarged bathrooms feature new showers, double sinks, vanities and fixtures. Even our corridors have a fresh new look.

NEW BEACHSIDE POOLS: Our two new pools offer an even better view of the beach. One is a large recreational pool; the other a smaller "quiet pool" for those seeking a more secluded experience. The new pool complex has two whirlpools, private cabanas, locker rooms, a pool shop with attendants, and a full bar with food service.

NEW GREEN SYSTEMS: We're now a certified member of Florida's Green Lodging Program, placing us among the elite 10% of Florida hotels that have achieved this environmental distinction. Among our new initiatives are more energy-efficient lighting and a greater emphasis on recycling processes - to reduce our environmental footprint. We're the perfect place to stay Green!

We invite you to discover a refreshingly new vacation experience at The Naples Beach Hotel & Golf Club, where hospitality is a family tradition. For more information on the resort visit us at NaplesBeachHotel.com
